

Truffle Salt

Without artificial aromas

Our Truffle Salt consists of pure natural ingredients: Mediterranean Sea Salt and **8% fresh italian summer truffles** (*Tuber aestivum* Vitt.) from the Piedmont.

The black summer truffle has a soft and earthy aroma with a nutty taste. Together with the natural sea salt this combination makes a special delicious and classy spiced salt.

Truffle Salt is multifunctional applicable and suitable for both hot and cold dishes. Preferably, the salt should not be cooked, but added at the end of the cooking process to preserve the aroma.

Application tips:

- Potato dishes e.g. mashed potatoes and fried potatoes
- Egg dishes e.g. breakfast egg and omelette
- Risotto and especially pasta dishes
